

## Placement Test

Preparation: You will need a copy of the novel *The Littles Take a Trip*. Students being tested should read from the actual novel not from the Placement Test Scoring Sheet. Underline the difficult words from the Placement Test Scoring Sheet in the copy of the novel students will read from.

You will need 1 copy of the Placement Test Scoring Sheet for each student you will be testing.

You will need a timer.

### Instructions for Recording Student Responses and Scoring:

As students read the passage use the following procedure to record errors.

**Word read incorrectly:** Write what the student said above the word. Count as 1 error.

**Added word:** Write a caret with the word above it where the word was inserted. Count as 1 error.

**Unknown word:** Give the student 3 seconds to say the word and then tell him or her the word. Write a T above the told word. Count as 1 error.

**Deleted words:** Draw a line through any words that are left out. Do not count deleted words when counting the total words read per minute.

**Repeated words:** Draw a wavy line under the word(s) that were repeated.

**Self-correct:** Put a check mark above the word.

Repeated words and self-corrected words do not count as errors. Students are already penalized for time with these types of errors.

Record words read per minute (wrpm) and errors on the top part of the Placement Test Scoring Sheet. To calculate the accuracy percentage, use the following formula: Subtract the number of errors from the wrpm. Divide this number by the wrpm. Multiply by 100. Example:  $76 \text{ (wrpm)} - 5 \text{ (errors)} = 71$  divided by  $76 = .934$  x 100 = 93% accuracy.

**Students reading at least 50 wrpm with 90% accuracy can be placed in this novel study. Remember, this is the student's instructional level not his or her independent reading level.**

<u>Tom</u> and <u>Lucy</u> were the children of	7
<u>Mr. and Mrs. William T. Little</u> . All the	15
Littles were tiny people. They weren't	21
<u>midgets</u> or <u>dwarfs</u> or even <u>elves</u> . They	28
were tinier than that. Mr. Little was the	36

The Littles were different in one way	117
only: they had tails.	121
