

Series Launchers© Teacher Presentation Book

- Fully scripted lessons with blackline masters for overheads if required.
- Decoding exercises include initial decoding, building fluency by practicing words lists to the mastery level.
- Vocabulary Words and Expression exercises provide the teacher with a clear instructional routine for helping students enlarge their reading and speaking vocabulary.
- Guided reading includes literal and higher level questions in accordance with state standards. Literary analysis skills are an important part of the guided reading procedure. Each day's reading begins with a "What's Happened So Far."
- Reading fluency is developed through a checkout procedure that begins with a teacher model, silent reading practice, an un-timed partner checkout, then progresses to a timed partner checkout, and culminates in a teacher directed checkout. A chart for calculating and recording reading rate progress is provided.
- A class summary sheet is provided.
